x Denotes missing data when the original report was compiled, so previous year data was reported by KS Board of Ag																									
* Irregular reporting in several counties suggests as much as 700 acres over-reported in 1886 and 2000 acres over-reported in 1890. See Clark, Doniphan, Harvey and Morris Counties																									
** The numbers in the column do not add up to the total listed in the KS Board of Ag report																									
<b>Peak acreage</b>																									
All data as reported by Kansas Board of Agriculture, compiled by Highland Community College Viticulture & Enology Department in 2014.
